### ... it's about DECISION MAKING ...

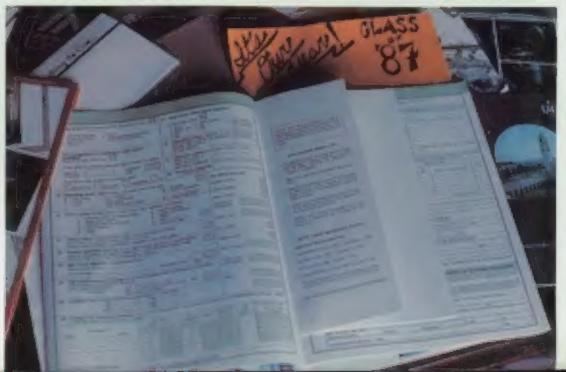

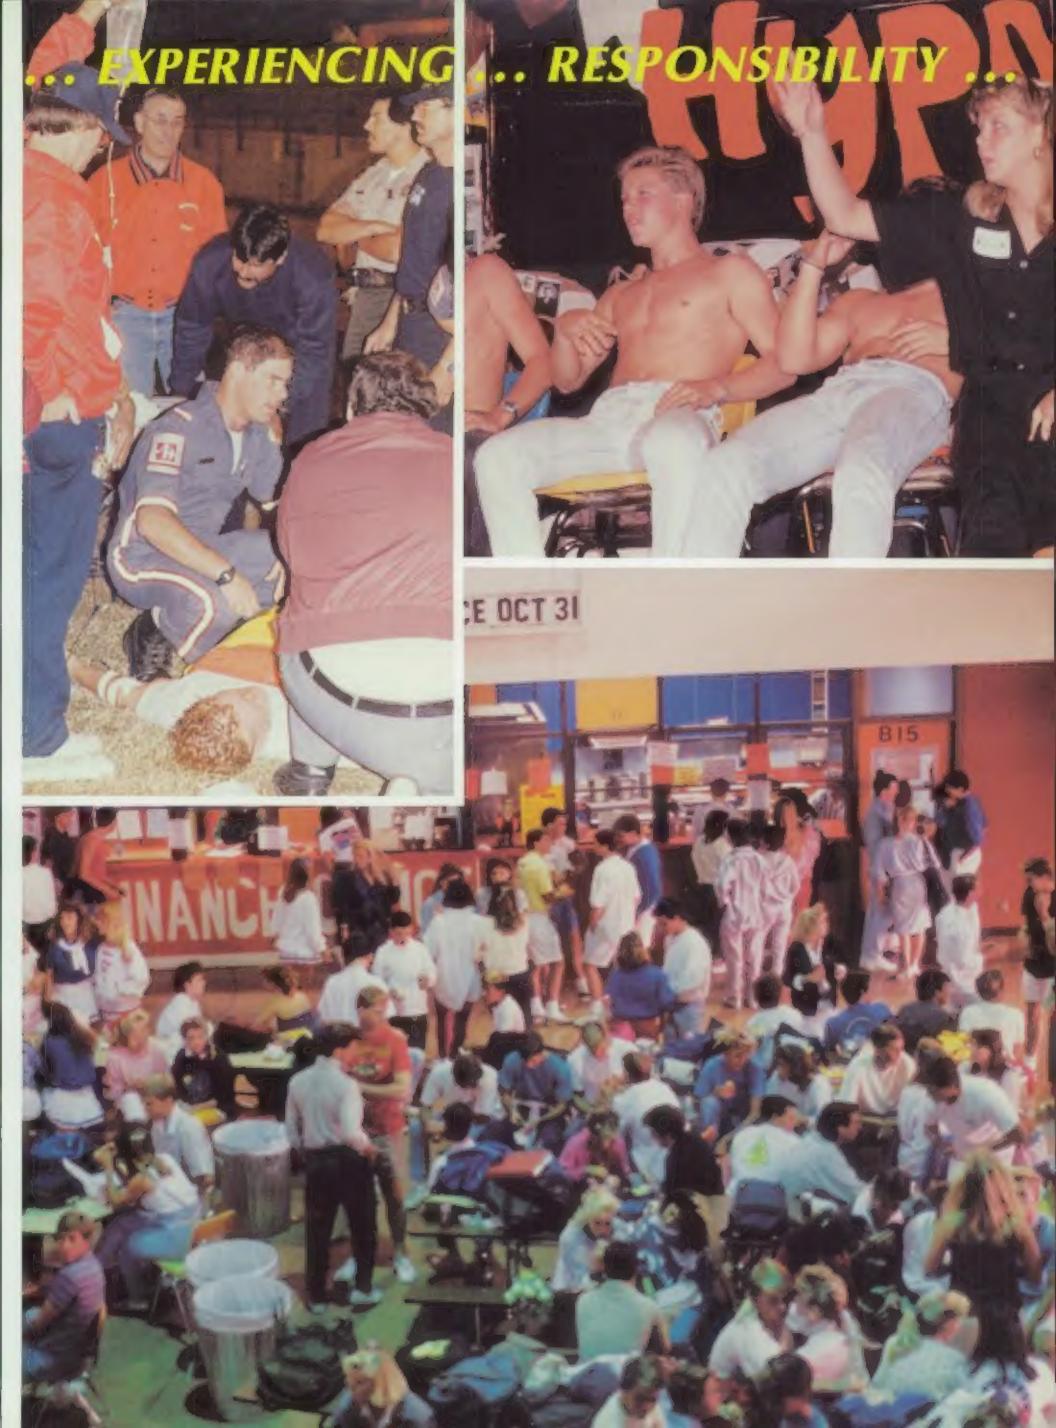

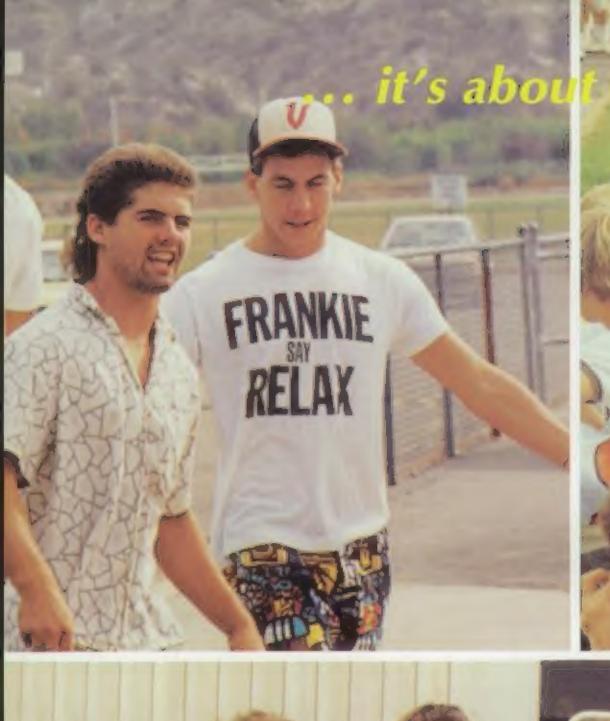

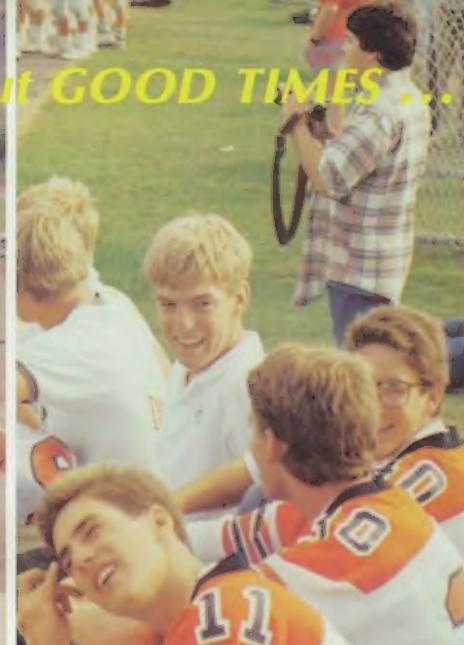

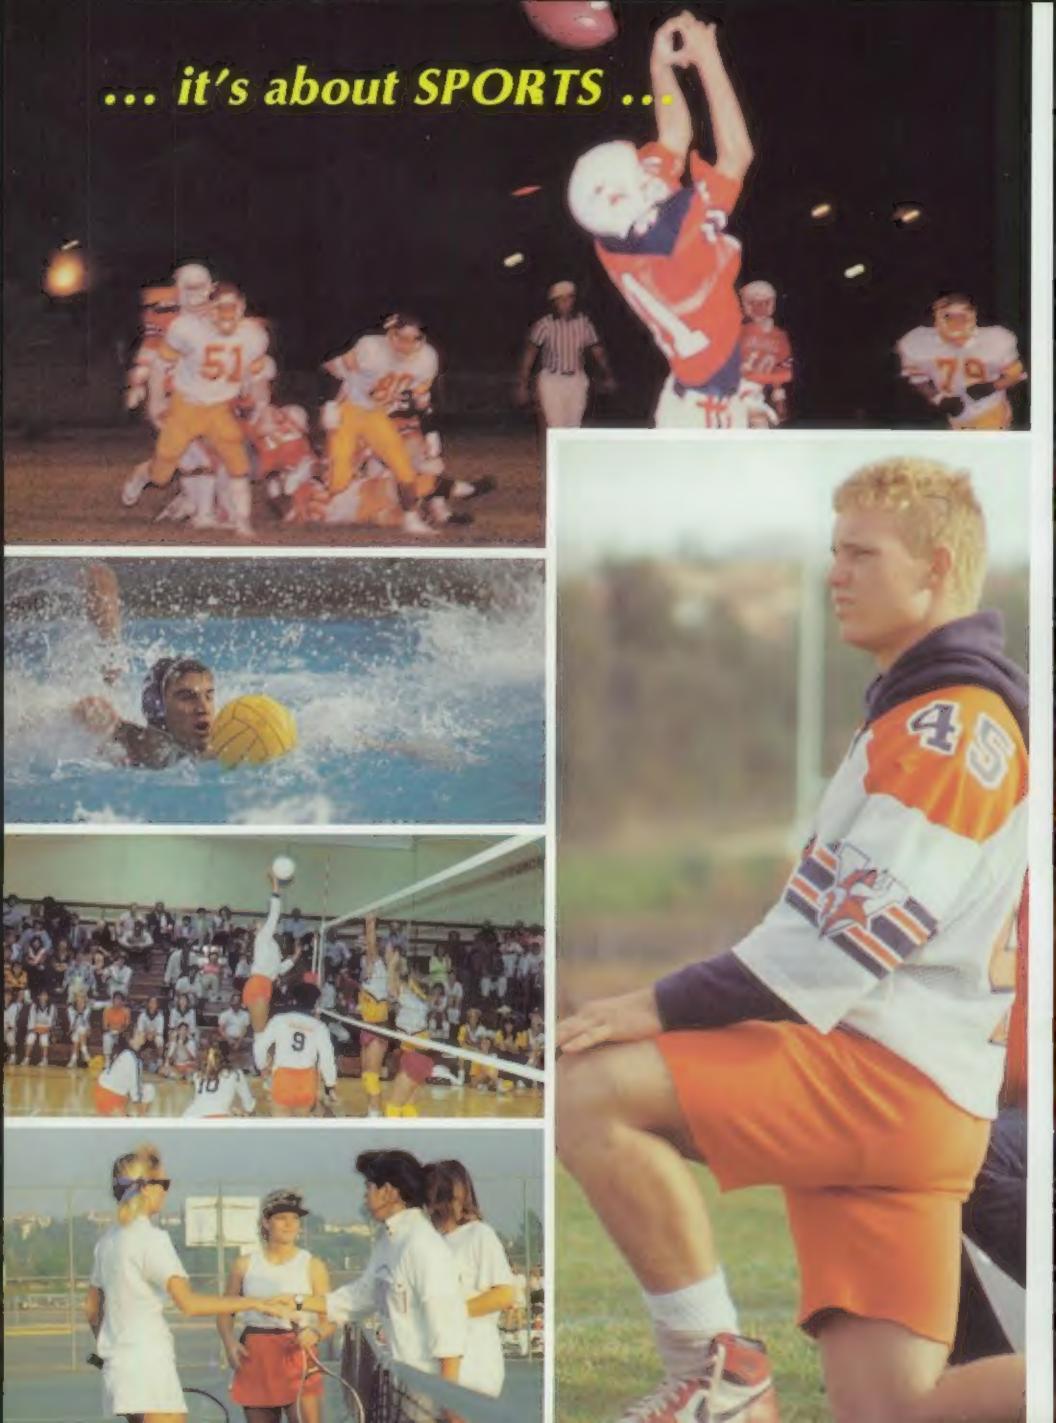

## Seniors!

The time has come ... we are Seniors — and now we can look back with pride upon the years that have so rapidly become a part of our past. We see ourselves as Freshmen ... knees trembling as we stand in the middle of the Student Center looking for crassrooms, for triendships, and answers to our faithful questions. Worshipping the seniors, we looked forward to the day when we could attend an assembly and sit in those "honored" chairs in the Senior Section.

A year passes, we are sophomores. We now feel more at home and begin to realize that We are the Class of '87 Candy sales , balloon sales ,, making plans and dreaming

Our Junior year comes and our class star begins to sparkle We are now a part of the Valhalla tradition, we are "upper classmen". We can laugh at freshmen dressed in silly casturnes for the Culture Faire while we are properly dressed in real costumes in celebration of the Greek Fest val. Our class treasury continues to grow as more and more people get nvolved in fund raisers. Ice cream sales, sweetheart messages, Boo Notes, singing telegrams, and car washes. Our Junior year is filled with activities. Hypnotist and fashion shows, and a first ever Junior Prom. "187 By The Sea" was truly a successful night to remember.

And now we are Seniors! We've had our fun filled Senior Banquet, we've chosen our class Standouts, and honored them with accolades. We have celebrated "Homecoming 86" with a "San Diego Celebration" We have competed for "Orange Pride Points" and yelled and cheered louder than any other class Together we waited for the last weeks to arrive ... they came slowly ... yet became memories so quickly. The times we had long awaited for were suddenly here. Our Senior Prom. Baccalaureate, and Grad Night at Disneyland, — Each making us all feel so closely bound to our school . and to each other. And then it came. COMMENCE-MENT ... we donned our caps and gowns and proudly stepped forward, high over a mountain, taking our hopes and dreams into the future ... keeping only our spirit ... our pride ... and our fond memories of THE CLASS OF '87.

Four years have come and four years have gone. These years we will remember forever, a time of sharing learning, and laughing. A time that will never come again.

For the past thirteen years kindergarten through our Senior year, we have sought for our ider titles and have grown as well as watched those develop around us

The tears we have shed have caused our hearts to grow fonder. Forever in printed history and solid memory, those special moments shared by the Class of '87 will be remembered always.

"This is the time to remember . . . " — Billy Joel.

#### JV CHEER

Determination, enthusiasm, and hard work are the three words which best describe this year's J.V. cheer squad. One might consider us different people in many ways, but despite our differences we learned to work together as one. The friendliness contributed by each girl on our squad was overwhelming. All of the memories from this past year will be cherished for the rest of our lives and our friendships will never be forgotten We know we can speak for everyone when we say that there will never be a cheer squad with

as much cooperation and dedication as ours. Thanks to all of you for making us so happy by being so cooperative and understanding

There will come a time when we will all scuba' from each other ... but please don't let it be too far."

 We Love You All Amber and Stacy

They fill the stands Dressed in vibrant orange, Sparkling white and brilliant blue Their voices fill with pride "We've got spirit, How about you? They're known to be A little rowdy, and sometimes Out of hand, But they give the team The lift they need From far up in the stands Varsity cheer leads them In the cheers they scream and shout Pushing our Norsemen to VICTORY That's what it's all about!!!
